

Suntrap Shared Stories

Hazel Mead

Selwyn Primary/Chapel End Primary

In the '70's I went to school at Selwyn Avenue Primary in Highams Park and Chapel End Primary in Walthamstow.

What I learnt on my visits to Suntrap have stayed with me into adulthood. Walking in Wales and in Scotland I impressed my family with my knowledge of using a map and compass and finding you way back whilst walking. To this day I use techniques that I learnt as they must have made a huge impression on me. Memories such as moss on colder side of tree trunk means its north facing.

Visiting Suntrap as a child gave me a love of wildlife and enjoy being outdoors in all weather. Thank you.
