

# Forest Explorer Camps

Make some great family memories on one of our family overnight stays, enjoying new experiences and learning together in the beautiful setting of Epping Forest. Explore the flora and fauna in the forest or learn new outdoor skills, on one of our family friendly camps.

Our family-friendly themed short breaks include :

- Matchless fire lighting;
- Animals and their habitats;
- Forest navigation;
- Bushcraft

All activities, equipment and food for your Forest Explorer Camp are included in the price, with activities led by our fully qualified tutors.

Our wooden camping pods with underfloor heating are the perfect place to relax after a long day of being in nature. Nestled in the wildflower meadow, they provide a touch of luxury while still experiencing the best of the great outdoors.

The Camping Lodge with views across our wildflower meadows provides washroom and dining facilities. The glass fronted dining area opens up during warm weather to provide an outdoor eating experience and somewhere cosy to hunker down on a cold day.
