Covid 19 – Keeping you safe

Our centre has been made fully Covid secure and we are delighted to be welcoming visitors again. Here is all the information you need.

Face Coverings

We ask all visitors to comply with the latest government guidance at the time of their visit.

If that is to wear a face covering we ask that anyone 12 years and older do so in our shared indoor spaces. These include, reception area, toilets and classrooms.

We ask for visitors to be aware and respectful of exemptions and not to challenge those who are not wearing a face covering. Some people are less able to wear a face covering than others, and the reasons for this may not always be visible.

Before You Arrive

In order to keep our guests and staff safe, we must ask that you confirm that your booking complies with any relevant national and local guidelines due to COVID-19 that are in place at the time of your visit. This includes but is not limited to any maximum allowed group sizes and numbers of households and any local lockdown restrictions that may affect your plans.

Please also inform us as soon as possible should anything change before your arrival that may affect your visit.

We will also ask you to confirm your adherence to relevant guidelines when you arrive as well as support you with various Covid Secure measures during your stay.

Please do not visit our site if you or anyone in your household has any of the following symptoms:

- High temperature
- New, continuous cough
- Loss or change to your sense of smell or taste
- Please let us know if anyone in your group is at higher risk from Coronavirus.

On Arrival

Please follow agreed arrival times and procedure and comply with any instructions from Suntrap staff.

While On Site

Please follow good hygiene practices and any instructions from Suntrap staff to ensure we follow government guidelines:

- Frequently wash your hands with soap and water.
- Hand sanitiser will be provided when soap and water is not available.
- Follow good hygiene whilst coughing and sneezing.
- Avoid unnecessary hand contact.
- Avoid touching eyes, mouth and nose.
- Anyone displaying Covid-19 symptoms will be asked to return home.
- Please follow signage around the Centre.

We will follow a programme of regular enhanced cleaning throughout the Centre.

Outdoor Activities

Government guidance encourages the use of the outdoors for leisure and learning, as being outside limits transmission and allows easier distancing between people.

Indoor activities (where applicable)

We want to be outside as much as possible, however where activities take place indoors we will follow the latest government guidance, which may include:

Alter room layouts to ensure households are socially distanced.
Set flows in and out of rooms.

We ask that adults ensure that children follow any instructions from Suntrap staff to help keep everyone safe.
