

Climate Justice - act local, think global

Primary Keynote Activity Ideas

Quick idea

Watch the keynote video.

Discuss:

What in your life do you consider to be luxuries and what would be the hardest to give up?

Then watch the additional film - Climate Justice According to a Kid.

Discuss:

What could you do at school to show you care about climate justice?

What could wealthier countries do to stop the impacts of climate change being so unfair?

Learn about Uganda

Many Ugandans are poor compared to people living in England but there is much more to discover. It is rich in culture, wildlife and diverse habitats. It is known as 'The Pearl of Africa'.

Look up Uganda on a map and find five positive facts about the country.
