

Forest Plants Sensory Trail

Forest Plants Sensory Trail

Enjoy fun interactive activities to use your senses to explore and learn about the plants in the forest.

This is a half day activity, add a second half day activity to make your own programme for your day at Suntrap. Click [here](#) for KS1 activities.

Learning Objectives

- to treat the environment with care and sensitivity
- explore and appreciate the natural forest environment
- to identify and name some common wild plants found in the forest
- to identify and describe the basic structure of trees

Some suggestions for visit preparation

1. Introduce important vocabulary: roots, trunk, leaves, deciduous, evergreen
2. Discuss what plants need to grow.

Follow on suggestions

1. Try sprouting some vegetable scraps you can find out more on our website [here](#).
2. Do some leaf rubbing to make a card.

National curriculum links

Y1 Science

Plants
